

BrilliantTouch® Accessible Signage Physical Characteristics & Care of Product Information

BrilliantTouch® Accessible Signage is produced using a super durable polycarbonate first surface combined with a unique multi-layer system. The result is a versatile sealed product ideal for usage in health, education, government, and corporate and public place architectural and accessibility signage applications.

- BrilliantTouch® signs meet and exceed the requirements of the Americans with Disabilities Act Accessibility Guideline (ADAAG): 4.30 Signage; as well as the Canadian Standards Association, CNIB, Ontarians with Disabilities Act (ODA) and Government of Canada requirements.
- BrilliantTouch® is available in Grade 2, and Title 24 California Braille in the United States and in Grade 1 Braille in Canada.
- BrilliantTouch® is available with or without a Braille Locator incorporated into each sign.
- All graphics and text are sub-surface. Cannot be picked off, scratched or tampered with.
- Suitable for high-traffic areas. BrilliantTouch® signs are vandal-resistant and can be cleaned easily with isopropyl alcohol or citrus based cleaning products. Sprayed on graffiti can be removed with ease with citrus-based cleaners.
- Raised pictograms and letters have soft-shouldered edges and will not hurt fingertips. Dirt and bacteria, which may accumulate around raised features, can be easily and hygienically wiped off, leaving a sanitized surface.
- Fire retardation:
 - Surface-burning characteristics National Fire Protection Association, 255.
 - Flame spread index: 15.
 - Smoke developed index: 110. Level 1, Class A rating. Self-extinguishing.
- Pencil hardness: H (ASTM D3363-92)
- Shear strength: High
- Graphics and text resist fading. No first-surface paint to chip or peel.

BrilliantTouch® is the ideal choice for such signage applications as:

Wall mounted and suspended signs

Tactile evacuation maps

Directories & modular insert signs

Tactile wayfinding maps

All accessibility signage needs

Tactile interpretive maps and panels
